DISCUSSION

- Kathy Buzzie asked that the board be more communicative to the booster members.

REMINDER

- Band family members working must have clearances as stated at the first couple booster meetings. This is a state rule, and we follow it based off of Gateway School District mandating so. Please go to the Gatewayband.org website or to the Gateway School District website and get your clearances. Most components are free. TB testing is not, but can be done at multiple places (Your doctor, Med Express, UPMC Express, Allegheny County Health Department....)
